The Spring Season at The Spa

Spring Refreshment

The Spa at Island Hotel introduces a new treatment just in time for spring. The Clarisonic Scrub and Massage is the ultimate in enlivening winter-weary skin and awakening senses. Designed with the innovative technology of the Sonicare Toothbrush, Clarisonic's gentle vibrations purify skin from head to toe with a choice of a special Organic Jamu Body Wash. The micro-massaging action exfoliates skin to improve luster and leaves a satiny smooth finish. Relax with an invigorating massage to complete the refreshment process. \$230 per person for 90 minutes (30 minute Clarisonic treatment and 60 massage), excludes gratuity.

Springtime Rejuvenation

The Spa at Island Hotel is offering a signature Spring Body Scrub – a highly effective way to slough off winter doldrums. Arms and legs are gently and expertly exfoliated using The Spa's exclusive scrub of Dead Sea salts, orange and lemon peel, and rosemary; and then a gentle citrus-herb oil face and head massage soothes and reinvigorates. The Spring Body Scrub is the perfect way to celebrate the spirit of renewal. Price is \$230 per person, excludes gratuity.

Blissful Relaxation

Every season is the right season to indulge in the comforts of spa treatments, but spring is an especially good time to offer aid and sooth the physical self. The Spa at Island Hotel invites you to experience a luxurious 60 minute treatment and receive an upgrade to a 90 minute treatment at no additional cost. Offer is available on select treatments, 10 a.m. to 3 p.m. (Wednesday – Thursday) through May 31, 2010. Offer may not be combined with any other offer or discount.
